

HuskyGuard Above-Drain Stormwater Filter

Prevent oil and sediment from entering your drains in low traffic areas.

THE HUSKY ADVANTAGE

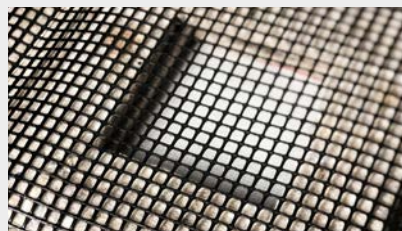

Fits over the drain for easy maintenance.

Prevent oil and sediment from entering your drains and creating stormwater non-compliance issues with the Spilltration® HuskyGuard Above-Drain Stormwater Filter.

- ✓ Spilltration® Husky filtration layer for removing oils, fuels, sheens, and sediments.
- ✓ Built to withstand high flow rates. Raised center captures debris.
- ✓ UV-Resistant. Will not degrade in sunlight.
- ✓ Spilltration® Husky filter material is made from 100% post-consumer waste.

Heavy-duty polyethylene mesh top for drive over durability.

Overflow port prevents water from backing up in a heavy rain event.

Extra-strength magnets for easy installation and removal.

SKU	SPL098
Substance Filtered	Oils, Sediments, Debris, and Trash
Dimensions	Made to Order
Overflow Hole Size	6" x 6" - 12" x 12" (Range)
Sold as	Each
Recycled Content	Made from post-consumer waste
UV Resistant	YES

HuskyGuard Above-Drain Stormwater Filter Maintenance:

- ✓ Keep clean of debris. Use broom, brush, or hand removal to clear debris. Monitor for this after heavy rain or high wind storms.
- ✓ Check for saturation 1-2 times per month or after every heavy rain event.
- ✓ Shovel away sediment build up or debris from edges of storm drain cover to maintain proper functioning Husky Guard.

Compliance and Regulations:

- Does not float. Not for use on water
- DO NOT use with acids, bases or other caustic liquids.
- Dispose of used product in compliance with local, state and federal regulations.
